Dear \_\_\_\_\_,

In light of the alarming National Debt, unfunded mandates, and Congress' refusal to rein in government spending, I ask that you exercise the right under Article V of our Constitution and call upon Congress to propose an Amendments Convention for the purpose of balancing our Federal budget.

Our representatives in Congress have failed in their duty to exercise fiscal responsibility. This leaves the States with the solemn responsibility of ensuring economic freedom for the future of America. 21 States have already applied for an Amendments convention to balance the budget, or are in the process. The Constitution requires 34 states to apply and we ask that you help make \_\_\_\_\_ the 22nd State to declare that we must Balance Our Budget Now.

Sincerely,
